# KEY REPLACEMENT PROTECTION

## Easy to misplace, yet costly to replace.

Modern car keys are just as easy to misplace as they ever were, but more costly to replace than ever before. While advanced key technology has made your vehicle much tougher to steal, it has increased the cost of replacement of keys and remotes when they become lost.

Key Replacement Protection offers several coverage terms and covers the cost of your key and remote replacement.

## Benefits:

- Up to 84 months of coverage
- Up to \$5,000 in total benefits
- Coverage for both your key and remote.

## Program Includes:

### Emergency Roadside Assistance

- Towing Assistance
- Flat Tire Assistance
- Fuel, Oil, Fluid and Water Delivery Service
- Lock-out Assistance
- Battery Assistance
