A close-up photograph of a silver alloy wheel and a black tire. The wheel has a multi-spoke design. The tire is mounted on the wheel. The image is partially obscured by a dark red horizontal band that contains the text "TIRE & RIM PROTECTION".

TIRE & RIM
PROTECTION

Smart Autocare Tire & Rim Protection is the most comprehensive rim/wheel and tire repair and replacement coverage in the industry.

Consumer Reports magazine identifies road hazards as the number one cause of flat tires and rim/wheel damage in the U.S. In the last three years, American consumers have spent hundreds of millions of dollars out of their own pockets to pay for repairs caused by hazards they encounter every day on the roads and highways of America.

Doesn't it make sense to have protection against the high costs of an expensive and inconvenient wheel, rim or tire repair?

TIRE COVERAGE

- Curb Damage
- Metal Scrape
- Broken Glass
- Nails and Screws

RIM/WHEEL COVERAGE

- Curb Damage
