THEFT PROTECTION SYSTEM

DOES A THEFT PROTECTION PLAN MAKE SENSE FOR ME?

Hundreds of thousands of powersports are stolen each year. The true cost of theft goes well beyond the loss of your vehicle. Insurance companies often only cover your vehicle's market value at the time of loss, leaving you with large, out-of-pocket expenses such as deductibles, interest on your existing loan, plus the down payment and sales tax for your replacement vehicle.

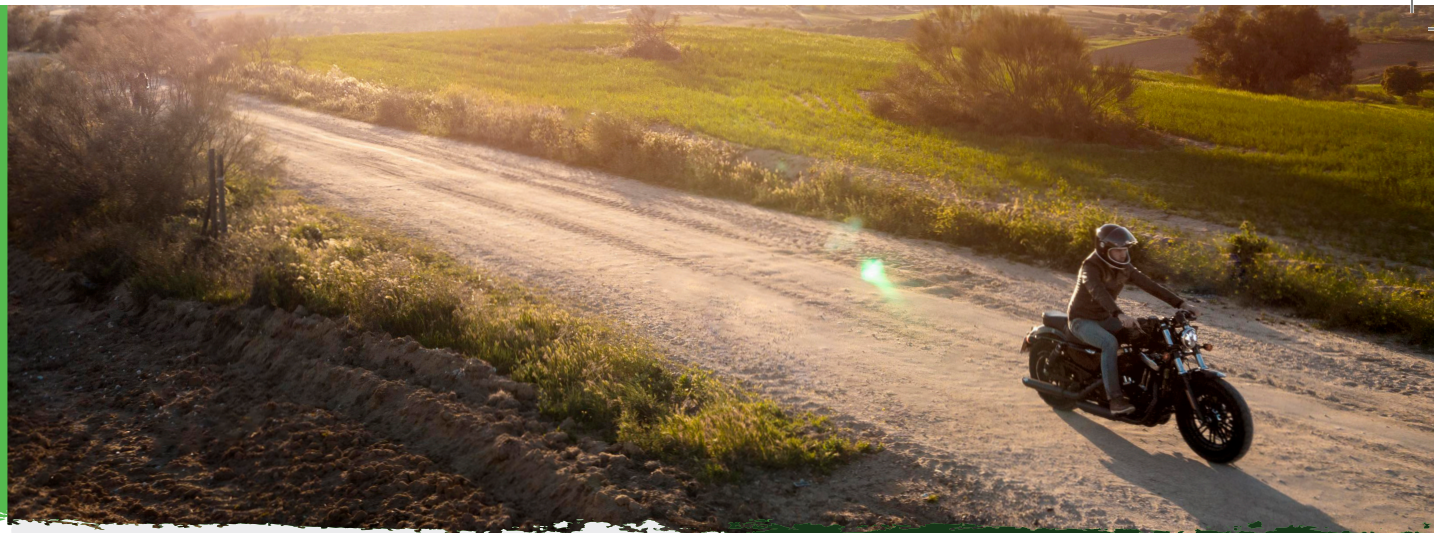

HOW IT WORKS

This Theft Protection System is a highly effective way of deterring thieves from targeting your vehicle and will be installed on your vehicle before you leave the dealership.

Our Theft Protection System has flexible terms so you can choose a plan that is right for you. Select a term from 1-6 years and up to \$5,000 benefit. The following illustrates how the Theft Protection System can cover costs related to the theft of your vehicle.

| | |
|--|----------|
| Insurance deductible | \$1,000 |
| Payoff deficiency | \$2,000 |
| Replacement vehicle costs (down payment, sales tax and other fees) | \$2,000 |
| Potential Expense | \$5,000* |
| Theft Protection System Benefit | (5,000) |
| Amount You Owe | \$0 |

*Always review and refer to your agreement for complete coverage details.

FROM START TO FINISH

- 1 To deter theft, warning decals are placed on the vehicle, indicating it is protected.
- 2 Traceable DNA stickers are strategically placed on your vehicle at the dealership.
- 3 If the stickers are removed, invisible ID numbers will be left behind, traceable by law enforcement.
- 4 In the event your vehicle is stolen and unrecoverable, or recovered and is a total loss, you can take advantage of the Theft Protection System Limited Warranty benefit, up to \$5,000.

MOTORCYCLE THEFT IN THE PAST FIVE YEARS

In the U.S. an average of

42,000

motorcycles are stolen each year

Out of all the motorcycles reported stolen,

44%

*are **NEVER** recovered*
